SKILLS

- ❖ REACT JS, TAILWIND CSS, NODE JS, MONGO DB, EXPRESS JS , Java , C , C++ , Python , OOP , XML , Kotlin , Jetpack Compose , Room DataBase

ACHIEVEMENTS / HOBBIES

- ❖ Finalist at Hack-AI competition held at IIT Bombay 2023.
- ❖ Participated and got Appreciated by the jury members in **NEW INDIA VIBRANT HACKATHON – 2023.**

EDUCATION

- ❖ BTech | CSE | GH Rasoni Institute of Engineering and Technology *CGPA: 8.4*
- ❖ XII (STATE) | Atulesh English Convent and Junior College, Nagpur *78.3% | 2022*
- ❖ X (CBSE) | K.John Public School , Nagpur *85.2% | 2020*

ACADEMIC PROJECTS

- ❖ **Food Delivery Web-App**
 - It is full-stack food delivery website featuring separate user and admin panels. The user panel allows customers to place orders, which are then displayed in the admin panel for processing. Integrated **Razorpay** for seamless payment transactions.
 - The technologies used **MongoDB, Node.js, React.js, Express.js, Razorpay.**
- ❖ **Weather App REST-API**
 - The app accesses the user's location and displays the weather details. It also provides the forecast for the particular day, showing how the weather will behave.
 - The technologies used are **Kotlin, Jetpack Compose** and the **REST-API.**
- ❖ **My Recipe App REST-API**
 - The API allows the user to select a Food Item he/she wants to eat, the app redirects the user to the next screen in which the user can know the Recipe of the food item selected.
 - The technologies used in the app are **Kotlin , Jetpack Compose and REST-API.**

POSITION OF RESPONSIBILITY

- ❖ **Coding Club | Treasurer | GH Rasoni Institute of Engineering and Technology**
(JUL 2023 - MAR 2024)

Organized Events & conducted sessions for 100+ college students on Technology related topics.
